

## SPECIFICATION OF PRECIOUS METAL CATALYST

**GRADE: NCAT 2241-5**  
**5% Pt/C**

**CAS No.: 7440-06-4 (Platinum)**  
**7440-44-0 (Carbon)**

| No.      | PARAMETER                                | SPECIFICATION            | PROCEDURE No. |
|----------|------------------------------------------|--------------------------|---------------|
| <b>A</b> | <b>CHEMICAL COMPOSITION ON DRY BASIS</b> |                          |               |
| 1        | Platinum (%)                             | 5.0 ± 0.1                | QCD.P.3.K.76  |
| <b>B</b> | <b>PHYSICAL PROPERTIES</b>               |                          |               |
| 1        | Appearance                               | Black Colored Wet Powder | NA            |
| 2        | Moisture (%)                             | 50.0 ± 5.0               | QCD.P.3.P.5   |

Specification No.: QCD.SP.3.8.23
